

Counting Syllables

A way to help you read a word you don't know is to break the word into parts called syllables. Every syllable has a vowel or a team of vowel sounds.

Say the words out loud. Clap your hands for every syllable and write how many syllables you clapped for each word below.

block

.....

dolphin

.....

popcorn

.....

purple

.....

jumping

.....

house

.....

fence

.....

teacher

.....

cat

.....

television

.....

open

.....

stove

.....

wind

.....

flower

.....

chocolate

.....

window
