

Math Attitude & Interest Survey

Discover your student's attitudes about mathematics.

- I love math!
- Yeah, not so much.

Math! Math! Math!

How do YOU feel about Math?

Name:	Agree	Disagree	I don't know!
Math is confusing.			
I like math, but I like other subjects just the same.			
Math is boring.			
I don't think math is fun, but I want to get good grades in it.			
Math is just as important as any other subject.			
I like to do math "in my head".			
I enjoy the challenge of a hard math problem.			
I have always been afraid of math.			
I use math every day (outside of math class).			
I don't like math and avoid using it at all times.			
I enjoy doing problems when I know how to work them out.			
Math is my favorite, and I like it better than any other subject.			
I get tired of working with numbers.			
I am afraid of problem solving (word problems).			
Math is very interesting.			
I have never liked mathematics.
