Hello everybody,

My name is Janie Dam. I am a proud School on Wheels tutor in the San Fernando Valley area; and today I will be presenting to you some information on how we as tutors can help students with career exploration and preparation.

There are good resources out there that I hope you will pass on to your students and their family!

¿Why? the catch phrase:
College **AND** Career Readiness

*demand for a globally competitive,
highly educated workforce...*

(our national economy depends on it)

*combined with rapidly rising college
attendance costs...*

Demand for a globally competitive, highly educated workforce...

Figure 1. Percentage of Employment Opportunities by Educational Attainment in 1973

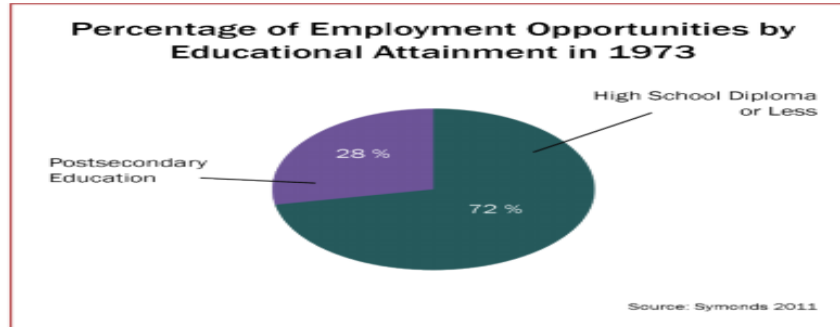

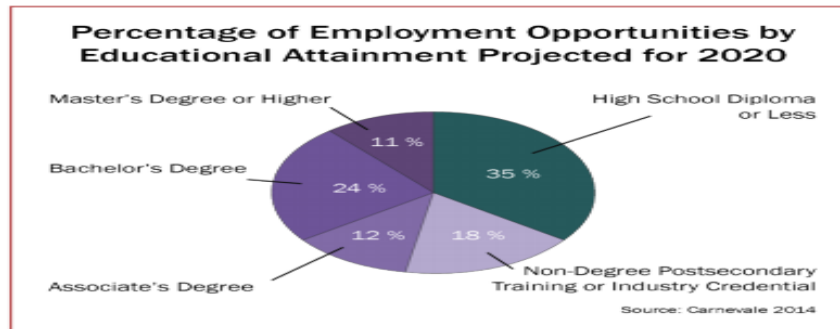

Figure 2. Percentage of Employment Opportunities by Educational Attainment Projected for 2020

Combined with rapidly rising college attendance costs...

- Since the 2008 recession, public college tuition has been increasing by 29% annually; even as high as 84% in some states.
- During the 2009-2010 academic year, 5 institutions charged \$50,000 or more for tuition. In 2014-15, there were 57 such institutions.
- By the end of 2015 there was \$1,182.1 billion (yes, \$1.2 trillion) worth of outstanding student loans owed by 40.8 million people, over twice the amount that was owed in 2007 by 28.3 million people.

About California CareerZone

About Page

California CareerZone is a proven, successful career exploration and planning system designed especially for students. Jobseekers, educators, and counselors will also benefit from the wealth of information on 900 occupations from the Occupational Information Network (O*Net) database.

Users are encouraged to work through the Interest Profiler, Work Importance Profiler, and Assess Yourself assessment based on the Holland Codes for self-exploration. Comprehensive information on 900 occupations includes state specific wages, worker attributes, job characteristics, and much more. There are 300 career videos that give users a snap shot of the featured occupation. Job openings on [Job Central](#) are easily accessible within each occupations profile. Please continue on investigating from the Resource link where other useful resources are listed.

California CareerZone has been developed among the [California Career Resource Network \(CalCRN\)](#), the [California Department of Education \(CDE\)](#), and the [Employment Development Department's Labor Market Information Division](#). Development of the California CareerZone has been paid for through an allocation of Carl Perkins funding from the California Department of Education.

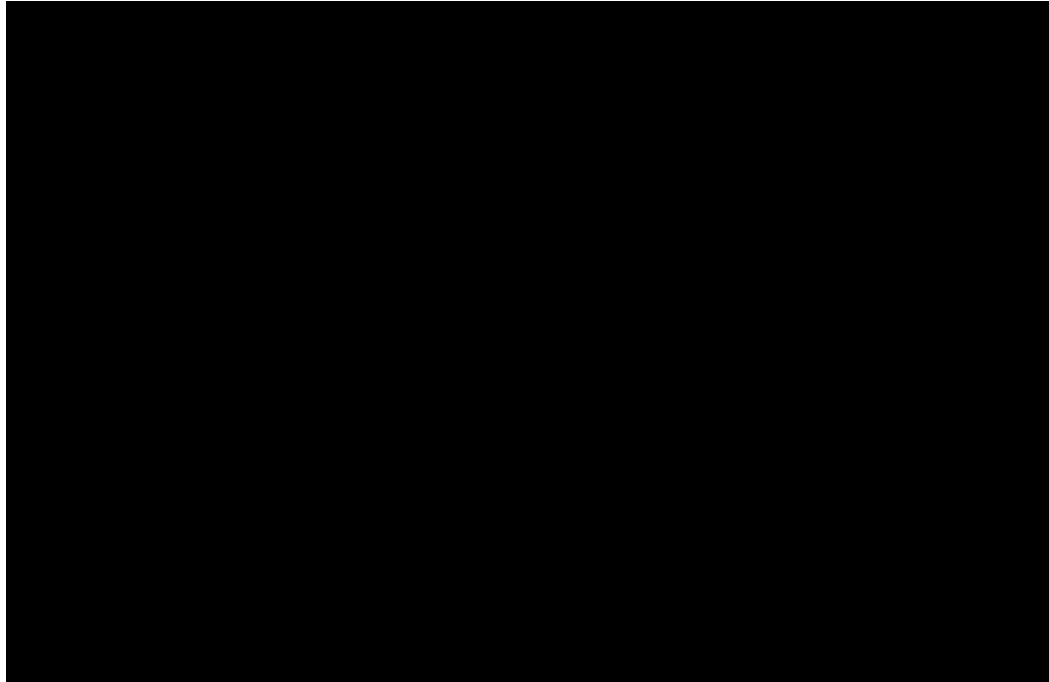

The California CareerZone website is powered by the [Headed2](#) career and college exploration system.

If you are interested in the consumer data collected by this site and how it is used please view our [Privacy Policy](#).

California CareerZone utilizes data from Version 21 of the O*NET Database. O*NET™ is a trademark of the U.S. Department of Labor, Employment and Training Administration.
