My Online Dictionary

Please make sure to follow common dictionary format:

	word, *type of word.* Definition. One sentence to show how the word is used. *Any important images connected to the word.*
hypertext, *noun.* Words on a Web page that are underlined or highlighted. Clicking on hypertext will take you to another place online. **Hypertext** is used to create **hyperlinks**. Often different websites that share similar information are connected by *hypertext*. The *hyperlink* for the CBC main website is: **http://www.cbc.ca**.
