Brain Box

A **past-tense verb** tells about something that has already happened. To change a verb to past tense, add a **d** to most words that end in **e**, and add **ed** to most other words. For example: Colin **exercised** in the gym last night. Colin **pulled** the rope.

A **future-tense verb** tells about something that will happen in the future. The word **will** is usually used with future tense verbs. For example: Colin **will exercise** outside next weekend.
