

# Let's Match!

Ending blends include **ft, mp, lk, lp, lt, nq, nt, nk, st, sp, and sk.**

Ladies and gentlemen, welcome to the game, "Let's Match!" Please look at the pictures in each box. Find two words that have the same ending blend. Color them. Mark an X on the one that does not match. Ready? Go!

This is the sound a doorbell makes. It is two words. Both words end with the **ng** blend. What is the sound? If you could choose one famous person to ring your doorbell at your house, who would it be? On another sheet of paper, tell why.
