S.M.A.R.T. Goals

Write down a goal related to the college application.

Goal: _____

Evaluate if the Goal is S.M.A.R.T

Setting S.M.A.R.T goals in different areas will help fulfill the requirements of your chosen college application.

For example, a S.M.A.R.T. goal for a student who wants to improve their English grade might be, "I will get an A on my next English paper by making sure I

understand the assignment, letting my teacher read my draft and completing three revisions before the due date." This is a solid goal that presents clear, manageable steps for meeting a measurable objective in a specific time frame.

Use the chart below to make your goal into a S.M.A.R.T goal:

S

Specific (What, exactly, in detail, do you want to achieve?)

M

Measurable (How will you know when you've reached your goal? Quantify it!)

A

Achievable (What resources are needed - do you have them... including time?)

R

Realistic and Relevant (What's the outcome - the change - you're expecting?)

T

Timed (Break it into steps. When will each step be completed?)
