From your Interest Profiler:

List your top 3-6 work environments in order of importance:

Work Environment	Score

Talk about it:

How do you feel about the work environments based on the profiler? *Do they make sense? Do your current and/or past jobs match these?*

Next, list the top 5 occupations in order of the highest score:

Occupation	Score

Choose a Job

Choose one occupation from your profiler results.

Go to your selected occupation's profile page. Use the profile information to fill in:

- Name of the occupation chosen:
- Average salary:
- Annual openings:
- About the job:
- What I'll do:
- Interests:
- Work values:
- Things I'll need to know:
- Things I'll need to be able to do:
