List your top 3-6 work environments in order of importance:

Work Environment	Score

How do you feel about the work environments based on the profiler? *Do they make sense? Do your current and/or past jobs match these?*

1. Next, list the top 5 occupations in order of the highest score:

Occupation	Score

How do you feel about the recommended occupations based on the profiler? Do they make sense? Do your current and/or past jobs match these?

Choose an occupation

2. Choose one occupation from the profiler results.

On a laptop or smartphone device, go to the selected occupation's profile page. Work to use the profile information to fill in:

Name of the occupation chosen:

Average salary:

Annual openings:

About the job:

What they do:

Interests:

Work values:

Things they need to know:

Things they need to be able to do:

Choose a College Major

1. Stay on the occupation profiler. Under “Your Opportunities” select “Education & Training”. Select the first result.

Write down the name of the college major recommended:
