

11/18/2024

Dear Future Me,

Hi! It's me, Ace. I am 9 years old and in 4th grade. My favorite thing to do right now is drawing or playing outside. I really like baseball and my best friend is Jack.

When you read this, I hope you still like baseball. I want to be a professional baseball player when I grow up!

I hope you are happy and having lots of fun.

Love,
Ace.

Dear Future Me,

Hello from 6th grade in 2024! Right now, I am 12 years old. My favorite thing to do is ride my bike. My best friend is Ashley and my favorite subject in school is reading.

Right now, I'm really excited about our school break. I hope you still remember how much you love riding your bike and listening to music.

By the time you read this, I hope you have learned more about drawing.

Take care and don't forget to keep trying your best, no matter what!

Your friend,
Sam

Dear Future Me,

Wow, it feels strange writing to you! Right now, I'm 13 years old and in 8th grade. Middle school is fun but challenging. My favorite things right now are:

- soccer,
- Roblox
- and McDonalds

Right now, I'm working on getting better at math. I hope you've accomplished getting on the soccer team this year.

I wonder how life has changed since I wrote this letter. Do you still talk to Chris and Steven? Are you doing well in school? Are you closer to reaching your dream of becoming a professional soccer player?

Remember to stay true to yourself, even when things get tough. You've got this!

Sincerely,
Joey

Dear Future Me,

Hey! It's Eva from 2024. Right now, I'm in the 7th grade. School is fun but sometimes stressful. My favorite subject is English and I'm involved in our school yearbook.

At this moment, my biggest dream is to get good grades in all my classes. I hope you've been working toward it and making progress.

Life right now is fun. I feel excited about our school break.

I hope you've stayed close to your friends. Have you learned how to ride your new skates?

Always remember how far you've come and how much you've grown.

Best wishes,
Eva
