

Name \_\_\_\_\_

**Instructions:** For each table below, select a problem from the book and write it in the top row. For each problem, list three possible solutions. Evaluate each possible solution for both a positive and negative consequence, and list them in the *Consequences* column. Then write your thoughts on the chosen solution in the *Evaluation* box.

<b>Problem:</b>	
Possible Solutions	Consequences
1.	Positive: Negative:
2.	Positive: Negative:
3.	Positive: Negative:
<b>Evaluation:</b>	

<b>Problem:</b>	
Possible Solutions	Consequences
1.	Positive: Negative:
2.	Positive: Negative:
3.	Positive: Negative:
<b>Evaluation:</b>	

<b>Problem:</b>	
Possible Solutions	Consequences
1.	Positive: Negative:
2.	Positive: Negative:
3.	Positive: Negative:
<b>Evaluation:</b>
